One Man Fatally Wounded Another—Said to Have Been Arrested Here.

A dispatch from Muscatine says: Zenos W. John, a well known resident of West Liberty, Sunday night shot and fatally wounded Walter Boot, a printer, in an altercation at a lunch counter. Boot had whipped a friend of John, named Ross Wiley, and as soon as Wiley called that he had had enough John drew a revolver and fired, his shot taking effect in Boot's right lung. Boot placed his hands over his wound, when Wiley knocked him down and kicked him severely in the face. Wiley escaped, but was arrested in Rock Island Monday and turned over to the West Liberty police tonight. John was brought to this city tonight by the sheriff. They will be given a preliminary hearing next week. The Rock Island police and the county authorities were asked concerning the arrest of Wiley here, but they have no knowledge of it, and say it must be a mistake.

TAILORS ON STRIKE.

Make Demands on Their Employers For Increase in Wages.

RAISE OF 25 PER CENT ASKED.

It is Denied and the Union Men Walk Out at 9 O'clock This Morning—Three Establishments Are Affected—A Conference at Which It is Hoped to Reach an Agreement.

Rock Island tailors, members of Union No. 134, are on a strike for higher wages. They walked out at 9 o'clock this morning because their employers refused to comply with their demands, which are embodied in an agreement presented for the signatures of the boss tailors, and which, it is proposed, shall remain in force for one year.

Twenty-five tradesmen have joined in the strike. The union scale was presented to the employers Saturday. They were given until Monday to answer. Their reply was that they could not accede. So the tailors walked out this morning.

E. F. Dorn, proprietor of one of the establishments affected, told an August representative today that the tailors asked an increase in wages amounting to about 25 per cent, which was more than the employers could pay and carry on a profitable business.

Settlement Probable.

The tailors' headquarters are at Turner hall. The reporter, upon calling there, was informed the men were on a strike, the facts given out being substantially as chronicled above, but that a meeting was to be held during the afternoon between the union's committee and the employing tailors and there was a probability that a settlement would be reached.

The shops affected by the strike are those of E. F. Dorn, J. B. Zimmer & Co., and Gus Englin, F. C. Hoppe having signed the agreement.

The Tailors' union last night elected officers as follows:

President—Gus Nordstrom.
Vice President—Chris Krennick.
Treasurer—Nels Cronholm.
Corresponding Secretary—Olof Olson.
Financial Secretary—William Filter.
Sergeant-at-Arms—Peter Fagerberg.

THE TELEPHONE SYSTEM.

Reduction in Rates in Effect First of the Month—Proposed New Equipment.

In compliance with the promise made to the Rock Island Club, as published at the time, the Central Union Telephone company has reduced its rates on metallic circuit service with long distance equipment on business phones from \$66 to \$60 per year; residence phones from \$48 to \$42 per annum. This reduction will date from Oct. 1. The "extra radius" rate has also been established. Heretofore the standard rates have prevailed only within a mile of the central office, and the people located over that distance were compelled to pay an additional rate of \$4 per year for each additional quarter mile. Under the new rates all those located within two miles of the central office will enjoy the same rate.

Plans are rapidly being perfected and arrangements made for the new building the company is to erect here, a site for which has practically been determined, and the installation of the new common battery central office equipment to the end that Rock Island and Moline may soon have the very latest and best telephone service known in the business. While some other cities have had this new equipment in advance of us, the delay will result in less trouble, as the "bugs" that are found in any new apparatus will be discovered and eliminated before Rock Island's comes out.

Col. W. W. Rider, assistant superintendent of Illinois lines of the company, was in the city last evening, as full of enthusiasm as ever on the telephone subject.
